

SCAFFOLD SAFETY RULES

SAFE ACCESS AND WORKING PLATFORMS

INSPECT • CHECK THE TAG • USE SAFELY

01

CHECK THE TAG

- Verify the scaffold tag and inspection status.
- Never use a red-tagged scaffold.

02

VERIFY SAFE ACCESS

- Use the designated ladder or access point.
- Never climb scaffold guardrails.

03

CHECK THE PLATFORM

- Confirm platforms are complete, secured and free from gaps.
- Do not use slippery or damaged platforms.

04

CHECK EDGE PROTECTION

- Inspect top rails, midrails and toe boards.
- Do not start if protection is incomplete.

05

DO NOT OVERLOAD

- Keep personnel and materials within the safe load limit.
- Do not store unnecessary materials on platforms.

06

DO NOT MODIFY

- Never remove or modify components without authorization.

DO NOT USE THE SCAFFOLD

- ✓ The tag is invalid
- ✓ Platforms are damaged
- ✓ Guardrails are missing
- ✓ Safe access is unavailable
