

WORKING AT HEIGHT SAFETY RULES

PREVENT FALLS AND DROPPED OBJECTS

PREVENT FALLS • STAY CONNECTED • PLAN RESCUE

01

PLAN THE WORK

- Assess the task, access, weather and fall exposure.

02

USE COLLECTIVE PROTECTION

- Use guardrails, platforms and safe access before personal protection.

03

INSPECT EQUIPMENT

- Inspect ladders, scaffolds, platforms and fall-arrest equipment.

04

CONNECT CORRECTLY

- Use approved anchorage and remain continuously connected where required.

05

PREVENT DROPPED OBJECTS

- Secure tools and barricade the area below.

06

PLAN RESCUE

- Confirm a workable rescue plan before starting.

STOP WORK IMMEDIATELY

- ✓ Protection is incomplete
- ✓ Anchorage is unsuitable
- ✓ Weather becomes unsafe
- ✓ No rescue plan is available
